**Enclosure:** Letter No 10-4/24/2543-1, Estonian Centre for Defence Investments(31.05.2024)

Please find enclosed the Notification of intent to invite National Calls for Contribution to National Competitive Bidding Plus (NCB+) in Estonia which concerns the construction of Deployable Storage Infrastructure at Ämari Air Base.

With reference A, NATO Investment Committee noted Estonia's prefinancing statement for the construction of deployable storage infrastructure for aircraft at Ämari Air Base on 18 April 2023. The scope of the statement included eight deployable aircraft shelters at an estimated cost of 9.2 million euros (unadjusted cost and without VAT), with the agreed procurement method of National Competitive Bidding Plus (NCB+).

In light of requirements that emerged after the notation of the prefinancing statement (storage requirements of upcoming NATO's enhanced Baltic Air Policing (eBAP) missions), Estonia presented the Update on Prefinancing statement altering the original procurement plan dividing the procurement of eight deployable shelters into two separate procurements each including four shelters. The Investment Committee noted Update on Prefinancing statement on 06. June, 2023 with reference B. Current Notification of Intent applies for the 2nd part of shelters noted by the Update on Prefinancing Statement in reference C.

For any clarifications, please contact the Estonian Centre for Defence Investments Point of Contact as provided by the enclosure.

Sincerely,

Anna-Kristiina Einama  
Investment Committee Representative  
Delegation of the Republic of Estonia to NATO

## **Notification of Intent to invite National Competitive Bids Plus (NCB+) for Construction of deployable storage infrastructure at Ämari Air Base**

The Estonian Centre for Defence Investments (ECDI) is launching the procurement for the construction and installation of deployable storage infrastructure for aircraft at Ämari Air Base, Estonia. Ämari Air Base is the location for NATO's enhanced Baltic Air Policing (eBAP) mission as well for flights conducted in the framework of enhanced Vigilance Activities. The deployability of the storage infrastructure allows for flexibility of use between different eBAP/eVA hosting airbases, as well as provides surge capacity for eBAP/eVA missions reinforcement. ECDI, governed by the Estonian Ministry of Defence, is responsible of conducting all defence related procurements.

### **General Description of the project**

This Notification of Intent applies to works for production and installation of four (4) Deployable Aircraft Shelters. Site and facilities/structures shall be designed to accommodate the following airframes in respect of all relevant requirements from Bi SC 85-005 for wingtip clearance and other mandatory safety distances as follows:

- a. Eurofighter Typhoon
- b. McDonnell Douglas F-15
- c. Lockheed Martin F-35
- d. Lockheed Martin F-22

The complete set of bidding documents will be accessible in the Estonian e-Procurement registry at: <https://riigihanked.riik.ee/rhr-web/#/search> with the procurement reference number "267213". The procurement will be held by the dynamic procurement system's procedure. Procedural requirements of this dynamic purchasing system are available in the Estonian e-Procurement by the reference number "267213".

All potential bidders will have to create user and company accounts on the e-Procurement portal (<https://riigihanked.riik.ee/rhr-web/#/settings/users/new>) for the submission of bid proposals and all relevant documentation. Any other method for bid proposal (mail, e-mail, fax, via Estonia's delegation to NATO) will not be accepted and such bid proposals will not be considered after the bid submission end date. Please note that after creating user and company accounts on the e-Procurement portal all potential bidders also need to apply for participation to the dynamic procurement system not later than 14 June 2024.

The bidding documents will be classified at level "NATO UNCLASSIFIED".

The bid documentation and subsequent procurement contracts will be in Estonian and in English. Bid offers and all communication made by the bidders, including any technical data or documentation submitted by the contractors must be in Estonian or in English.

The contract for the project will be awarded to the lowest compliant bidder. Bidders will be required to declare a bid validity of three (3) months from the closing date for receipt of bids.

**Cost Estimate** (unadjusted cost and without VAT): 5,6 MEUR

**Estimated schedule:**

Bidders application date for registration the dynamic procurement system on the e-Procurement portal:	<b>14 June 2024</b>
Tender release:	21 June 2024
Bid closing date:	01 July 2024
Contract award:	July 2024
Estimated time of completion:	November 2024

However, these dates are subject to change during the tender process, all final deadlines will be set in the procurement notice in the e-Procurement registry.

Declarations of eligibility, as per Annex V to AC/4-D/2261 (1996 Edition), shall be submitted to the Estonian Delegation at NATO (mission.nato@mfa.ee) and the ECDI (pakkumised@kaitseinvesteeringud.ee).

In case of need for clarifications on the bid proposal, the ECDI can ask for additional or original documents, including using channels other than the e-Procurement registry.
